SHS B - SERIES HEAT SINK for BGA, CPU and GPU, etc. devices

B - Series Heat Sinks

Smart Heatsinks, Inc. introduces the low cost, B-series, standard heat sinks for BGA and CPU/GPU, devices. This simple heat sink can be attached to devices with either the most popular adhesive thermal tape or spring clip onto PCB. The heat sink offers black anodized surface finish and can be used in either natural (free) or forced convection cooling applications.

SPECIFICATOINS

Heat Sink: Aluminum Alloy 6063-T5 or Equivalent with either degreased or black anodized finish.

Attachment Method: Thermal tape or Spring clip

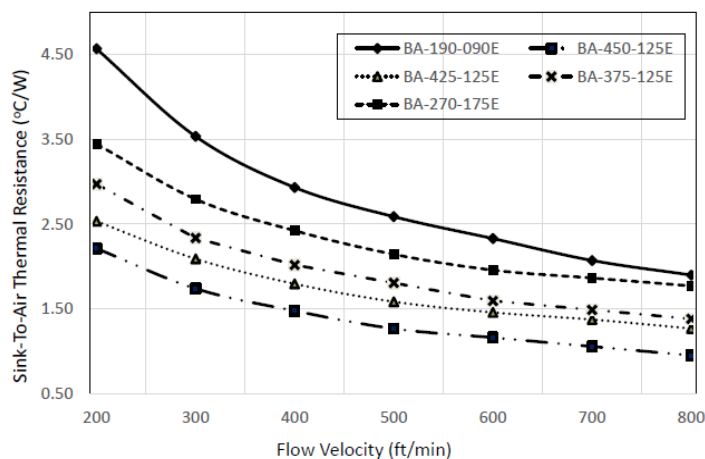

Mounting: PCB level heat sink, no soldering

Compliance: Either degreased or black anodized finished parts are compliant with RoSH.
